Application No. 09/337,330
Filed: June 21, 1999
Attorney Docket No. NOKIA.33US

ON PETITION

This is a decision on the petition under 37 CFR 1.137(b), filed May 6, 2008, to revive the above-identified application.

The petition is **GRANTED**.

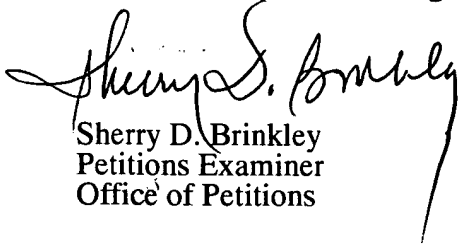

A review of the record discloses that this application became abandoned for failure to timely reply within the meaning of 37 CFR 1.113 to the final Office action, mailed May 25, 2006. A Notice of Abandonment was mailed on January 4, 2007. On May 6, 2008, the present petition was filed. The petition was supplemented with a filing of a Request for Continued Examination (RCE) under 37 CFR 1.114 on June 2, 2008. Thereafter, on July 23, 2008 a Request to Withdraw as Attorney was filed.

It is noted that while a change of address to the offices of Banner & Witcoff was processed in response to a request to withdraw as attorney, it was done in error. The request to change the correspondence address of record is not acceptable as the request was signed by a registered attorney no longer of record and the requested correspondence address is not that of: (1) the first named inventor or (2) the assignee of the entire interest. The correspondence address will be changed to the address of the assignee of entire interest. A courtesy copy of this decision is being mailed to Banner & Witcoff; however, if Banner & Witcoff desires to receive any further correspondence regarding this application, then a proper Power of Attorney and/or change of correspondence address should be filed.

The petition satisfies the requirements of 37 CFR 1.137(b) in that petitioner has supplied (1) the reply in the form of a RCE under 37 CFR 1.114, including the fee of \$810; (2) the petition fee of \$1,540; and (3) an adequate statement of unintentional delay.

This application is being referred to Technology Center AU 2617 for processing of the RCE and for appropriate action by the Examiner in the normal course of business on the amendment submitted in accordance with 37 CFR 1.114.

Telephone inquiries concerning this decision should be directed to the undersigned at (571) 272-3204. Inquiries relating to further prosecution should be directed to the Technology Center.
